Coaches - Each year we are asked to recommend summer overnight basketball camps conducted in a safe environment. We have examined and evaluated these camps for Cost, Expertise in Instruction, Amount of Games, Tournaments, Improvement, Facilities, and 24 Hour around-the-clock supervision.

The following have continued to be approved and recommended by the CYO as overnight camps that have the **highest level of skill development** that will improve each individual to their fullest potential and prepare them to be a future High School player. The recommended camps are listed as the best instructional camps concentrating on the fundamentals of basketball. These camps have proven to be conducted in a safe environment with **around the clock supervision** and are directed and staffed by caring adults.

**The following are our approved and recommended camps by our state CYO committee**

## **Boys Overnight Camps**

### **Drexel University Basketball Camp**

Matt Collier: 215-895-1418
