CYO Coaches:

Each year we are asked to recommend summer **overnight basketball camps** conducted in a safe environment. We have examined and evaluated these camps for Cost, Expertise in Instruction, Improvement, Facilities, and 24 Hour around-the-clock supervision.

The following have continued to be approved and recommended by the CYO as overnight camps that have the **highest level of skill development** that will improve each individual to their fullest potential. The recommended camps are listed as the best instructional camps concentrating on the fundamentals of basketball. These camps have proven to be conducted in a safe environment with **around the clock supervision** and are directed and staffed by caring adults. You may post any or all of these CYO events on your website.

The following are our approved and recommended camps by our state CYO committee.

Boys Overnight Camps

Drexel University Basketball Camp

Chris Zupko: 215-895-1418
