COACH SIFORD'S CO-ED EXPOS BASKETBALL CLINIC

This 8-week program will focus on both skill development and game play. Players will work on ball handling, passing, shooting, movement, offense, defense, and other skills required to take their game to the next level.

This class can be taken by itself but is a great addition to participation in one of our leagues, especially for players who are looking to improve their game prior to the start of the 2021 winter season.
