Dear CYO Coach,

I hope that you are having a rewarding experience coaching CYO basketball this winter. We are happy to announce that the CYO program in Pennsylvania is stronger now than it has ever been. The Pittsburgh, Greensburg, and Erie, Diocese has improved the quality of play this year more than ever before. The competition and especially the coaching has improved tremendously. Our players are becoming more dedicated and seeking more ways to improve themselves for future competition.

Each year we are asked to recommend summer basketball camps that will improve each individual player and prepare them to some day be a High School Player, while at the same time are conducted in a safe environment.

The following are approved and recommended by the CYO as camps that will improve each individual to their fullest potential. They are listed as the best instructional camps concentrating on the fundamentals of basketball.. These camps have proven to be conducted in a safe environment with around the clock supervision and are directed and staffed by caring adults. The following are our approved and recommended camps by our state CYO committee. We have enclosed with permission a copy of the prestigious National Recruiter Newsletter "Choosing a Basketball Camp".
